A TEM Short Course from the AIM Lab, NanoCenter, University of Maryland

AN INTRODUCTION TO TEM FOR NEW TEM OPERATORS

A Transmission Electron Microscopy (TEM) short course will be offered this summer break (June 2022) through the AIM Lab at the NanoCenter, University of Maryland. This is a handson course aimed at introducing the basic concepts, instrumentations and application of TEM to new operators. The lecture portion of the course will focus on fundamental theory in TEM; laboratory exercises are designed to provide instruction on both the operation of TEM and useful techniques for materials characterization using TEM. This course is also recommended as a refresher course to individuals with prior knowledge and operating familiarity with the TEM.

TEM Class: Date: Four days, June 21, 22, 23 and 24, 2022

Lecture: 09:30 am - 12:00 pm. (Theory) **Laboratory:** June 21, 22, 23 and 24, 2022

Two hours/group/day (TEM operation, $2 \sim 3$ students/group)

Rooms: Lecture Room: TBA

Lab: TEM facility, Room 1237B, Kim Building.

Fee: Lecture and Lab Course: \$425 per person*, \$385 per person for

members of research groups with multiple enrollments, or for

individuals concurrently enrolled in the TEM and SEM short courses.

Lecture only: \$210 per person.

Limit: Maximum enrollment is 9 (three groups, 2-3 students per group)

To encourage all potential users to register for the short course, a discount will be offered to individuals if they are affiliated with a research group where other members are also enrolled in the course or if s/he is attending both TEM and SEM (see SEM short course announcement). * This fee applies to UMD users only. Different fees apply for non-UMD participants; please check with the AIM Lab office by calling W-A Chiou at (301)-405-0541 or send an e-mail to wachiou@umd.edu for more information.

To enroll, please fill out the attached application form and submit to W-A Chiou by 5:00 pm, Wednesday (06/15/22) at Room 1234, Kim Building. Students accepted into the class will be informed by email by Sunday (06/19/22).

Please note that all class participants must be fully vaccinated before attending the class. During the class/laboratory, the <u>4 Maryland</u> protocols (mainly wear a properly fitted mask when required, keep your distance from others, and stay home if you are sick) will continue to follow.
